60 Years of Raising Angus Cattle!

In 1964 at the age of 13 I purchased my first Angus heifer from Youngs Angus Farm in Grand Cane, LA for a 4-H project. That began what is now 60 consecutive years of raising Angus cattle on Roseneath Plantation. God's best blessing to me throughout this endeavor has been the friendships developed with the men and women who have contributed so much to the well-being of this association. Your work is deeply appreciated.
